

Information Resource Project

Pekka Halme

Toledo, November 14, 2005

Contents

- **1st Cadastre and Land Registry Expert Group Meeting**
- **1st Information Resource Project Meeting**
- **EG General Assembly**
- **2nd Information Resource Project Meeting**
- **Future plans**

1st Meeting of ExGCLR

➤ Paris, March 1-2, 2005

- the aim is to contribute to the establishment of NSDIs, national and international financial and land markets, supporting sustainable development and good governance

➤ Four projects assigned

➤ Cadastre and Land Registry Information Resource

- development of an information resource for cadastre and land registry for the purpose of benchmarking and organizational learning

1st Project Meeting

- Paris, June 7-8, 2005
- Study 'How are you contributing to sustainable development'
- 9 topics recognized → emphasis on 'how user friendly the organizations are'
- Draft list of questions finalized on July 1
- First draft report based on info from the six countries involved

EG General Assembly

- **Reykjavik, September 12-14, 2005**
- **Break-out groups and plenary discussion**
- **Important to compare with the vision**
 - Strategic goals
 - Indicators
- **Support overall**

2nd Project Meeting

- Helsinki, October 12, 2005
- Benchmarking (ExGQ experience)
- Revision of scope to match GA outcome
 - From vision to indicators
 - Good practices i.e. 'stories'
 - Levels of integration
 - Integration and user focus
- User focus still in mind

Future Plans

- **Framework based on questions**
 - How many issues can be included
- **Combination of data to prove integration**
 - Land parcel
 - Its ownership
 - Buildings on it
 - Topography under it
- **How many parties do you have to visit?**
- **How long does it take to get it?**

Earlier discussions

Topics of interest

- Users
- Staff
- Technical
- Political
- Legal
- Economic
- Process
- Data quality
- Role of private sector/organizations

Questions to discuss

- Is this sort of goal-setting relevant and useful to organizations?
- Do these questions help us discover the aspects and features that describe good organizations?
- Is the prioritization correct?
