**FIG e-Newsletter
July 2010**

Dear Colleague,

Welcome to the FIG e-Newsletter, which brings you latest information about FIG and its activities. The information referred here is in full length available on the FIG web site. Thus the e-Newsletter is produced to inform you what has happened recently and what interesting things are going to take place in the near future. The FIG e-Newsletter is circulated monthly by e-mail. The referred articles are in English and written in a way that you are able to extract them to your national newsletters or circulate to your members and networks.

Article of the Month – July 2010

On the FIG web site we publish each month a paper called the [Article of the Month](#). This is a high-level paper focusing on interesting topics to all surveyors. It can be picked up from an FIG conference or another event. The Article of the Month in July 2010 is "[The Difficulties in Using Tide Gauges to Monitor Long-Term Sea Level Change](#)". It is written by **John Hannah**, New Zealand, and was presented at the XXIV FIG Congress in Sydney 11-16 April 2010 in the session on Vertical Reference Frame. The paper is a peer reviewed paper. John Hannah is a Registered Professional Surveyor and is a former President of the NZ Institute of Surveyors.
